WE LOOK FORWARD TO WELCOMING YOU!

Dear colleagues,

The world is dynamic like never before. While there are many positive developments regarding novel treatments against headache, unfortunately there is still a lot of inequity in the world regarding access to these treatments, but also regarding the effectiveness across different populations. The European Headache Federation strives to improve health and promote well-being for all individuals with headache. To achieve that goal, it is crucial to connect fundamental scientific knowledge with a clinical perspective, as will be offered in our congress programme.

We therefore look forward to welcoming you to the 18th European Headache Congress held in Rotterdam from 4 to 7 December 2024.

Towards a better headache treatment for everyone.

Prof. Antoinette Maassen van den Brink and Prof. Jan Versijpt
Congress chairs

WHY YOU SHOULD ABSOLUTELY BE ATTENDING

More than
2200
participants

From more
than **70**
countries
