

European Headache Congress

Abstract submission guidelines

Please read this information carefully before proceeding to the online submission form.

IMPORTANT DATES

Submission deadline: 29 June 2023, 23:59 (CET)
Abstract review: July 2023

Abstracts received after the deadline will not be accepted!

GENERAL

1. Please prepare your abstract in an extra e.g. Word-file before moving on to the online system. We recommend the outline in Question - Methods - Results - Conclusions. The number of characters is limited to 2,000 (including spaces).
2. Abstracts can only be submitted online via the online abstract submission form.
3. Abstracts must be submitted in English.
4. Please fill in the conflict of interest disclosure form before submitting your abstract and upload it while the submitting process.
5. Abstracts sent by post or email will not be accepted. No exceptions will be made.

DEFINITIONS

Submitting author: Person who submits the abstract.
Presenting author: Person who will physically present the abstract at the congress and who is marked as the presenter in the programme.
Corresponding author: Person who will be included in all communications on the abstract.

PUBLICATION POLICY

We will publish all accepted abstracts (oral or ePoster) in the virtual format of the “The Journal of Headache and Pain”. All accepted abstracts will be included in the online programme.

Abstract submission guidelines

TOPICS

- Biomarkers and pathophysiology in migraine
- CSF dynamics and headache disorders
- Cardiovascular risk factors in women
- The non-responders: It is not all about CGRP.
- New developments in acute and preventive medications
- Aura and premonitory symptoms
- Biological sex in clinical trial outcomes (clinical outcomes, adverse events, PROs)
- How to assess quality of life in clinical practice.
- Cluster headache: How far have we come?
- Cognitive dysfunction in migraine: Myth or reality?
- Burden of headaches
- New treatments in childhood headache
- Devices and non-pharmacological therapies
- Epidemiology: Migraine is more frequent in women myth or fact?
- Pharmacogenetics versus pharmacogenomics in primary headache disorders
- Acute migraine medication

AFTER THE SUBMISSION

1. The reviewers will judge the abstracts according to the relevance to EHC 2023. They will assess the standard of English, objectivity of statements, description of the work, suitability of methods to aims, conclusions confirmed by objective results, ethics, scientific value, potential clinical value, originality of work and overall impression.
2. The submitting, presenting and corresponding authors will be notified by the end of July 2023, whether the abstract has been accepted. Notifications will be sent via email to the email address provided during submission. It is the authors' responsibility to ensure that emails from EHC 2023 can reach them. Within the notification authors will be informed of the date, time and form of their presentation.
3. The **presenting author must be a registered participant**. Please note that the presenting author is not automatically registered by submitting an abstract. Regular registration is obligatory and binding and implies payment of the registration fee. For registration, please click [here](#).

PRESENTATION OF ABSTRACTS

1. Abstracts can be accepted either as poster or oral presentations.
2. If your abstract is accepted as an ePoster, you will be requested to be available for discussion during the corresponding moderated poster session.
3. Oral presentations will be given further information on length of lecture and presentation details closer to the meeting.
4. Full presentation guidelines will be sent after the final allocation of abstracts to the programme.

Abstract submission guidelines

RULES

Failure to observe these guidelines may result in your abstract not being accepted.

1	An abstract can be submitted to the EHC 2023 if it has been presented or published previously. However, this must be stated during submission.
2	The correct topic must be selected to ensure correct scoring. The content of the abstract must be topic related. The scientific committee reserve the right to re-categorise an abstract.
3	Abstracts must contain data and meet international ethical standards.
4	Abbreviations should be defined at first mention.
5	Trade names cannot be mentioned in the title. However, trade names in brackets will be accepted in the body of the text.
6	The presenter or one of the co-authors has a conflict of interest, this must be clearly stated (as per certification rules). An abstract cannot be accepted, if the “conflict of interest disclosure” has not been completed.
7	The abstract cannot contain more than 2,000 characters (approx. 250 words) – This count includes only the abstract itself (including blank spaces and punctuation) – not data of authors and any attachments.
8	The abstract must be structured into the following sections: Objective; Methods; Results; Conclusion.
9	Once the abstract is submitted, it can be re-edited and modified until the submission deadline (Thursday, 29 June 2023, 23:59 /CET). The submitting author will be required to create a user account. In order to log back into the portal, please make a note of the username and password created during the process.
10	If you have successfully submitted your abstract, you will receive a confirmation number. If no confirmation number is received, the abstract cannot be considered as successfully submitted and accepted.
11	If you leave the system without saving the abstract all data is lost. The submitted/draft abstracts cannot be edited after the submission deadline (Thursday, 29 June 2023, 23:59 /CET).
12	Please ensure that your abstract does not contain spelling, grammatical or scientific errors. No corrections are possible after the submission deadline. The abstract will be reproduced exactly as submitted. No proof reading will be completed.
